

Working With Young Umpires Guidance

February 2017

ENGLAND
HOCKEY

All adults working within hockey have a duty of care to all young people (U18). This guidance is designed to maximise the enjoyment and wellbeing of Young Umpires taking part and to minimise the risks.

This document outlines Young Umpire Developer roles and their key safeguarding responsibilities to Young Umpires. Young Umpire Developers (YUD) refers to an Umpire Mentor, Umpire Coach or Umpire Manager.

All adults who work with young people in hockey are in a position of trust which has been invested in them by parents, the sport and the young person. These individuals are also bound by the England Hockey's (EH) policies, procedures and good practice guidance (SafeD) which are available [here](#).

YUD's have a responsibility to be vigilant and respond to suspicions of poor practice, abuse or bullying appropriately. All concerns about a young person or the behaviour of an adult towards a young person should be reported in line with England Hockey's (EH) safeguarding and protecting young people's [reporting procedures](#).

In all cases advice and guidance must first be sought from the Umpire Associations Welfare Officer.

Club Match Responsibilities

This includes league matches and friendly matches in a club environment.

YUD's have a duty of care to ensure the welfare of Young Umpires is upheld throughout the duration of the match. In best case scenario's, the YUD will be a qualified Umpire Coach or Umpire with England Hockey.

A YUD should act as a chaperone for Young Umpires during matches. As a minimum requirement a chaperone can be a parent, guardian or other responsible adult not involved in the match.

Young Umpires can particularly be vulnerable when they are umpiring adult teams. For example Young Umpires may be exposed to more inappropriate language and behaviours in this setting. YUD's should challenge inappropriate behaviours through the team's manager or captain, which are targeted towards Young Umpires. All concerns **must** be reported to the local Umpire Associations Welfare Officer as soon as possible.

It is a YUD responsibility to ensure that the changing room arrangements for the Young Umpire follow the EH policies and procedures concerning U18's using adult changing facilities. Changing room guidance can be found [here](#).

Tournament / Festival Responsibilities (Includes the same responsibilities as above)

It is YUD's responsibility to ensure Young Umpires have an adequate amount of rest in-between matches; one way to achieve this is by ensuring adequate umpire appointments for these occasions.

YUD's are responsible for Young Umpires both on and off the pitch, so should arrange suitable supervision at all times.

Arrival and departure arrangements should be planned prior to the tournament, with YUD's only able to leave once all Young Umpires have been collected by their parent or guardian.

Training and DBS Checks

- It is highly recommended that YUD's should complete England Hockey's [online](#) basic awareness course, with Young Umpires being made aware for their own learning.
- YUD's who have regular responsibility for young people **must** have an up to date [DBS check](#). Please contact your local Hockey Umpiring Associations for more information.
- All Umpire Managers are strongly advised to attend a [Sports Coach UK \(scUK\) Safeguarding & Protecting Children People workshop](#). This training should be renewed on a three-yearly basis.

Best Practice

Safe Recruitment – DBS and Qualification checks should not be used in isolation when appointing any YUD's. They should be one part of the process to determine if someone is suitable to work with young people in these particular roles. EH's [Recruitment Guidance](#) provides a number of steps to ensure individuals working with young people in hockey, whether in a paid or unpaid capacity are suitable and appropriate for the role.

Training sessions – YUD's should always be publicly open when working with Young Umpires. They must ensure that whenever possible there is more than one adult present during activities with Young Umpires, or at least that they are in sight or hearing of others.

Communication – Parents/Guardians should be copied into all communications with Young Umpires and private messaging should be avoided at all times.

Social Media – While social networking can bring many advantages it is important for YUD's to take ownership of safeguarding young people online and take steps to ensure safeguarding policies, strategies and procedures to address safety issues. YUD's must read EH's '[Think Before You Post](#)' Guidance.

Alcohol – YUD's **who have a duty of care to Young Umpires** are not permitted to drink alcohol in their presence. Certain events will be dry events and this must be adhered to at all times. It is illegal for U18s to purchase and consume alcohol.

Code of Ethics and Behaviours - Everyone working within the hockey family is bound by England Hockey's [Code of Ethics and Behaviour](#). YUD's should be familiar with the Umpire specific section of this document.

Please visit England Hockey's [Best Practice Guidance](#) for more information on the topics above.
